

**ALL INVITED TO JOIN A WILDLIFE  
OBSERVATION AND RECORDING SESSION,  
RECREATION GROUND COMMUNITY  
ORCHARD, OAKINGTON, SATURDAY 9TH  
SEPTEMBER 2023, 10.30 AM TO 12 NOON.**

**Aims: to begin to learn some of the skills of observing and recording wildlife as part of the Nature Recovery Project\***

---

**Programme:**

- Introductions
- Introducing the orchard (5mins) **Graham Tregonning**
- Wildlife in traditional orchards (4mins) **John Terry**
- The search for wildlife. In twos, searching and recording plants, animals and fungi (If you can, bring your own paper, pencils and clip- boards and /or mobile phones (for cameras and to learn the skills of using iRecord app.)
- Discussion on what we have spotted and recorded.
- Any thoughts on recording.

We aim to finish at 12 noon.

Note: the orchard was planted in 2012 and 2014 with traditional varieties of apples, pears, plums, gages, and cherries. Part of the grass is mown and part left uncut. You are welcome to pick fruit and take it home.

---

*\*The Nature Recovery Project in Oakington is being driven by Sustainable Oakington & Westwick (SOW) and Environmental Action Group (EAG). The project is part of the Cambridge Nature Network building on the ambition to double nature in Cambridgeshire.*
