

County Councillor Report – Oakington & Westwick Parish Council

Cllr Luis Navarro – July 2026

Full Council

Following the recent by-election in Roman Bank and Peckover, the political composition of Cambridgeshire County Council has changed slightly. The next meeting of Full Council is scheduled for **14 July 2026**.

Local Government Reorganisation

Cambridgeshire and Peterborough councils continue to await the Government's announcement on proposed arrangements for Local Government Reorganisation (expected this Wednesday 15th July). The expected timetable may be subject to delay due to developments elsewhere in the country and ongoing legal challenges.

Highways & Transport

The County Council has agreed an extension of its highway's maintenance contract with M Group until June 2030. The revised agreement includes measures aimed at improving value for money, quality control and accountability in road maintenance across the county.

Locally, I continue to follow up on:

- The clearing of the watercourse at Cambridge Road bridge is being revised by with the relevant team at County Council.
- Further assessment to clear the waterway at Westwick is being consulted with the EA.
- I am trying to include the resurfacing of the High St as part of the last highways capital program before LGR. Demand for capital projects in Highways is very high, but I am making the case for our High Street.
- Highways officers have updated on the progress and evaluation for the traffic calming measures on Cambridge Road.

I will provide further updates as these matters progress.

Cllr Luis Navarro
